WASHINGTON MAINTAINS COMPLETE SECRECY AS THE FATEFUL DAY OF ABROGATION APPROACHES

No Temporary Agreement

WASHINGTON, Jan. 15 (Reuter).—Authoritative circles disclosed today that the United States will not enter even a temporary agreement to replace the Commercial Treaty with Japan which expires on Jan. 26, unless Japan has made effective guarantees that American interests will receive equal and fair treatment hereafter in the Japanese-occupied areas in China.

Chinese Maritime Customs officers on the Shataukok border examine everything in or out of Chinese territory. Here is an officer making an examination for contraband.

"Make Your Dollars Fight For Freedom"

CANADA'S FIRST WAR LOAN

OTTAWA, Jan. 15 (Reuter).—Canada's first war loan was opened to subscription today with the slogan "Make your dollars fight for freedom."

One of the first subscription to be received was one of \$25,000 from the Dionne Quintuplets Trust Fund.

Colonel Ralston, Canadian Finance Minister, declared that Canadians should concentrate on winning the war by subscribing to the war loan. He added that United Kingdom purchases from Canada in the first year of the war will amount to \$100,000,000.

NIGHT FLIGHT OVER GERMANY

LONDON, Jan. 15 (Reuter).—It is believed that British reconnaissance planes flew over northern Germany during the night. German wireless stations were silent for some time which is the usual practice when British planes are in the vicinity.

The Air Ministry made no official announcement but it is understood that only in cases of exceptional flights, similar to those to Vienna and Prague, will an announcement be made in the future. See Also Page 7

Compulsory Service Tribunal

Public sessions of the Compulsory Service Tribunal appointed by His Excellency the Governor, under the Compulsory Service Ordinance, No. 32 of 1939 will be held in the Council Chamber, Colonial Secretariat at 4.15 p.m. on Monday, Jan. 22, Friday, Jan. 23 and Monday, Jan. 29.

WASHINGTON, Jan. 15 (REUTER).—THE COMPLETE SECRECY THAT HAS BEEN MAINTAINED IN OFFICIAL CIRCLES HERE CONCERNING FUTURE AMERICAN-JAPANESE RELATIONS SHOWS NO SIGNS OF BEING LIFTED AS THE FATEFUL DAY OF JAN. 26, WHEN THE ABROGATION OF THE EXISTING TRADE TREATY BECOMES EFFECTIVE, APPROACHES.

Only one thing emerges as certain out of the welter of irresponsible speculation that has been the order of the day here is that a new treaty cannot be signed by the President alone.

The President could abrogate a treaty by his own power but Congress alone can provide a new treaty.

The general expectation among foreign diplomatic circles here is that after Jan. 26 conditions provided for under the existing treaty will be allowed to continue almost indefinitely on the month-to-month basis so that no new treaty will be negotiated nor any drastic change enforced.

It should be emphasised, however, that there is not one shared of official evidence to confirm even this prediction which must, therefore, remain in the realm of speculation until such time as the present official silence is finally broken.

"EXPECT SOMETHING"

TOKYO, Jan. 15 (Reuter).—"We expect something from the Department of State before January 26," declared a Foreign Office spokesman at the press conference this morning.

Forecasting that there would be no change in the continuity of Japanese foreign diplomacy, he revealed that Mr. Kensei Horinouchi, Japanese Ambassador in Washington, on December 23 presented a draft for modus vivendi to Mr. Cordell Hull, U.S. Secretary of State.

PARIS, Jan. 15 (Reuter).—Publication of the well-known evening newspaper Journal Des Debats has been suspended for two days by the censorship authorities.

Terrible Conflagration In Japan: 300 Dead, 1,500 Buildings Destroyed

TOKYO, JAN. 15 (REUTER).—A TERRIBLE DISASTER OCCURRED IN JAPAN TODAY WHEN A CONFLAGRATION, TAKING A TOLL OF 300 LIVES and destroying about 1,500 buildings, broke out at noon in Shizuoka, the famous tea shipping port.

The fire, fanned by a southeasterly gale, spread in all directions and gutted the railway station, the Post Office and other important buildings. The conflagration was still raging at 5 p.m.

Telegraph and telephone communications have been interrupted. The Station Master in Tokyo has been informed that half Shizuoka City has been burned down while traffic on the Tokyo-Osaka main line has been interrupted indefinitely.

A pilot of Japan Airways reports that heat at an altitude of 1,500 metres was terrific and that the whole town appeared to be in flames.

POLISH CONSUL TO JOIN LEGION

Special to the H.K. Daily Press SHANGHAI, Jan. 15 (Havas).—After a four-month wait for permission from the Polish Government, M. Andrezej Bohomolec, acting Polish Consul-General here suddenly left for France to join the Polish Legion.

In his absence, M. Deroset, Polish Charge d'Affaires, will perform the duties of Consul-General.

Goering's Ascendancy Over Von Ribbentrop

Special to the H.K. Daily Press AMSTERDAM, Jan. 15 (Havas).—Indications of Field Marshal Goering's ascendancy over Herr von Ribbentrop are seen in the appointment of Herr Wohltat, Goering's right-hand man, as chief negotiator in the German-Soviet economic modus vivendi, possible in the future, of extensive Soviet raw materials to the Reich.

Herr Wohltat, who heretofore was executor of the German Four-Year plan, replaces Dr. Karl Ritter who assumes other functions.

Field-Marshal Goering's view, like the Army's view, is that Germany can benefit from an alliance with the U. S. S. R. only if Soviet economics are placed under German control.

Dutch politicians deem Dr. Wohltat's appointment as progress towards this goal and prove that the Nazis believe that the time is ripe to impose their will upon the Reds.

NAZI S.S. AGENT DISCOVERED IN COLUMBUS

NEW YORK, Jan. 15 (Reuter).—Karl Schlueter, Nazi secret service agent, who fled from America in October, 1938, at the time of the spy trial, is now under custody having been found by the Federal authorities working as a steward on the scuttled liner Columbus.

He was indicted in 1938 with 17 others, three of whom are now in goal.

503 MEN LEAVE
NEW YORK, Jan. 15 (Reuter).—Five hundred and three men of military age from the German liner Columbus left for the Pacific coast en route to Germany. They will travel via Japan and the Soviet Union.

IRISH NAMES
NEW YORK, Jan. 15 (Reuter).—Seven of those arrested (See page 4, column 2) are stated to have Irish names.

According to a Detroit dispatch, Father Connelley, the "radio priest," declared that the Christian Front used his names without his authority.

FULL ARMY SUPPORT FOR YONAI

CABINET WILL FOLLOW MODERATE LINE

TOKYO, Jan. 15 (Reuter).—With the full support of the Army behind him, the new Premier, Admiral M. Yonai's selection of Ministers has progressed smoothly and he is expected to complete the task today.

Mr. H. Arita will be Foreign Minister and it is expected that General S. Hata will remain War Minister.

Admiral Yonai, when Navy Minister in the Hiranuma Cabinet, strongly opposed strengthening of the anti-Comintern Pact into a military alliance and his staunch opposition with Mr. Arita (then Foreign Minister) finally turned the tide of Japan's foreign policy.

It is considered very probable that the new Cabinet will follow the moderate line adopted by Admiral Nomura, Foreign Minister in the outgoing Abe Cabinet.

FIVE POSTS FILLED

TOKYO, Jan. 15 (Reuter).—The Prime Minister-designate, Admiral Mutsuhashi Yonai has so far succeeded in filling five posts in the new Japanese Cabinet. They are as follows:—

Foreign Affairs—Mr. Hachiro Arita (he held the same portfolio in the Hiranuma Cabinet);

Navy—Vice-Admiral Zengo Yoshida;

War—General Shunroku Hata;

Justice—Prosecutor-General—Mr. Naotatsu Kimura.

Overseas Affairs—General Kunikida Doppo (he held the same portfolio in the Hiranuma Cabinet);

Admiral Yonai is now engaged in the very difficult task of negotiation with potential appointees for the portfolios of Finance, Home Affairs, Agriculture and Commerce.

These Ministries are considered to be very important in connection with the new issue of the firm establishment of the Government's internal, financial and economic policies to cope effectively with the China incident.

CHINESE SECTION OF SHATAUKOK STILL DESERTED VILLAGE: ALMOST EVERYTHING VALUABLE DESTROYED BY THE JAPANESE TROOPS

Barbed-Wire Left In Large Quantities: Police Curbing Bandit Nuisance

BY A H.K. DAILY PRESS STAFF REPORTER

In contrast to Shumchun which is rapidly returning to normal, the Chinese section of Shataukok is still a deserted village. I visited the town yesterday and learned that the Chinese seem reluctant to return to this district owing to recent depredations by gangs of bandits from the hinterland.

THE CHINESE POLICE, OF COURSE, HAVE TAKEN CONTROL AND ARE GRADUALLY CLEARING THE DISTRICT OF THIS NUISANCE.

In the course of a survey of the town and the surrounding villages I found that the Japanese had destroyed practically everything of value in the district before they left. The doors and windows of the houses had been torn off their hinges and even the rafters from the roofs of several houses, had been stripped off in their need for timber.

Not even ten per cent. of the population have as yet returned in spite of encouragement from the National Government who have offered to rehabilitate the district.

As it is, the section of Shataukok which the Japanese have just left presents a strange contrast to the British outpost on this border. Through the main street runs a barbed wire fence which is the boundary between the Colony and the former occupied sections, and while normal life is proceeding busily where the Union Jack flies, the other side of the fence presents a picture of desolation and ruin.

MARKET THROGGED

The market centre and shops and in the British section are thronged with crowds while the other half of the street is entirely empty, the houses along it being either closed or in ruins. In the back streets an occasional house

This wire fence running through the main street of Shataukok marks the boundary between British territory (on left) and Chinese territory. While conditions are normal on the British section the other side of the fence is one of desolation and ruin.

Thrilling Battle Between Chinese Police And Bandit Gang Near British Outpost

BY A H.K. DAILY PRESS STAFF REPORTER

Revolvers and guns barked in the little hamlet of Im Tin Au, five miles from the British outpost in Shataukok, at noon yesterday when Chinese police and bandits from the interior clashed in an half-hour engagement.

I reached the scene of the conflict a couple of hours later and saw signs of the fighting in bloodstains in the streets and bullet marks on the walls of the houses.

As none of the police received any injuries, it is evident that the casualties were all on the side of the outlaws.

Inquiries as to the cause of the clash elicited the information that a band of about 20 desperadoes swooped down on the village shortly before noon with the obvious intention of looting the few residents who had returned to take up their abode in Im Tin Au following the Japanese withdrawal from the district recently.

Before they could accomplish their purpose, however, the plucky small Chinese police force, though greatly outnumbered, engaged the would-be plunderers in what must have been a thrilling battle.

Taking cover in some of the deserted dwellings in the village, the bandits, who were taken aback by the consistent firing of the police, were able to beat a somewhat disorderly retreat in the course of which at least two of them must have been wounded to judge by the trail of blood left behind.

has been reoccupied and I found the inmates gazing despondently at the destruction around them.

Reorganisation and reconstruction is however, forging along steadily. The Chinese Police has been augmented to combat the bandit menace and to restore law and order while the Chinese Maritime Customs keeps a strict and vigilant eye on everyone and everything that passes in and out.

There is evidence throughout the district that the Japanese departed in a hurry as they have left behind large quantities of barbed-wire and other materials.

SIR STAFFORD CRIPPS FETED IN CHUNGKING

CHUNGKING, Jan. 15 (Central).—Sir Stafford Cripps, former Labour Party leader in the British Parliament, who arrived in Chungking last Saturday via Rangoon, was entertained by Dr. H. H. Kung, Vice-president of the Executive Yuan and Minister of Finance, at a dinner party tonight.

Sir Achibald Clark Kerr, British Ambassador to China, and Lady Kerr, were also guests of honour.

Also invited to the function were Gen. Ho Ying-chin, Minister of War, Admiral Chen Shao-kwan, Chief of the Naval Board of the Military Affairs Commission, Mr. T. K. Tseng, Vice-Minister of Foreign Affairs, and other high Government officials.

ARMY TO PLAY NAVY ON THURSDAY

The Army will play Navy in the first round of the Kotewall Cup Competition on the South China ground at Caroline Hill on Thursday, Jan. 18, instead of on Wednesday, Jan. 17, as originally arranged.

In the second round of this competition, to be played on Sunday, Jan. 21, South China will meet the losers in the first round. The match will take place on a neutral ground, that is, the Army ground at Sookunpo, if the Army wins, or the Navy ground at Causeway Bay, if Navy wins.

H.K. DERBY SWEEP: 68,000 TICKETS SOLD

Tickets sold in the Hongkong Jockey Club's Derby Sweep, to be drawn on Monday, Feb. 19, had exceeded 68,000 yesterday. Though sales have so far been sluggish, it is expected that an improvement will be shown towards Chinese New Year. Proceeds this year, after deduction of payment for prizes and expenses, will be donated to the British War Organisation Fund and the British Fund for the Relief of Distress in China.

BOXING CONTROL

FUTURE OF THE BOARD

Mr. Sydney Hulls, the boxing promoter, and Mr. Jack Solomons, manager of Eric Boon, resigned their membership of the British Boxing Board of Control at a meeting of the board when both were asked to answer charges of having broken regulations, says Harold Lewis in the Daily Telegraph.

Mr. Hulls was being examined with regard to permitting an unauthorised person to enter a dressing-room and Mr. Solomons was concerned in incidents at the recent tournament at Harringay. Mr. Hulls told me that his decision meant that he would not pay the board's 5 per cent. "tax" on the Harringay tournament. The effect of this is that all associated with Mr. Hulls—boxers, managers, referees, seconds and timekeepers—must either be people not holding the board's licence or if they hold it to forfeit it at once.

"I see no difficulty," said Mr. Hulls. "If this is so, it means the end of the Board of Control."

BRITISH WAR ORGANIZATION FUND, HONGKONG: GENERAL WU TE-CHEN'S BIG DONATION

The latest list of subscriptions to the British War Organization Fund, Hongkong Branch, contains a number of interesting items, which brings the total of the Fund now to \$368,714.32.

Chief among these is a donation of \$10,000 from Mr. Haakon J. Wallem, of Bergen, who is well-known in the Colony, and a donation of \$3,252.84 from General Wu Te-chien, Minister for Overseas Affairs in Chungking.

The list includes an item of \$2,137.85, which was raised by the Navy, Army and Air Force Christmas Draw at the China Fleet Club—a commendable effort of the men themselves.

H.K. POLICE FORCE

All contingents and clerical staff of the Hongkong Police Force have subscribed \$1,492.15, while Indian Guards and Watchmen of the Force have subscribed \$538.

A CORRECTION

In last week's list the items appearing as "Royal Naval Hospital—Children's Party," was wrongly named, as the Party was organized by the Entertainments Committee and held at the Peninsula Hotel.

ARSENAL DRAW WITH MILLWALL

Millwall 3 Arsenal 3
Arsenal, playing Millwall for the first time for 30 years, pulled up to draw 3—3, after being three down. Leslie Compton, the best full-back who ever turned himself into a centre forward, scored two in a second-half storm.

The faithful assembled to the tune of 15,000 for the match—the capacity maximum allowed. And so for the second week running the outside attendance was reached—with the Arsenal the drawing card each time.

The match itself was a pippen, fast and open, with Millwall springing off from the whistle like sprinters. They piled on the pressure, gradually eased under the severity of the Arsenal defence, and found, like so many sides before them, that they were up against the best second-half team in the country.

SPURS TEST BARTRAM

Tottenham 4 Charlton 2
It was well for Charlton that Sam Bartram was in fine form between the sticks.

Tottenham's new "shooting star," Bennett, fired shots at him from all angles. Charlton were outclassed both at half-back and forward, yet they made a great fight of it.

Spurs opened the scoring through Bennett, and three minutes from the interval Robinson equalised.

Charlton took the lead after 61 minutes, when Brown took advantage of a mistake by Hooper. This lead did not last long, however, for Bennett forced his way through for his second goal.

Tottenham piled on the pressure and Bennett put them in front. Right on time Howe scored a fourth goal.

New German Ban On Private Cars

URGENT JOURNEYS ONLY

The New Year has brought further restrictions of the use of motor-cars in Germany. The running of private cars is now prohibited unless the owner can satisfy the police, who will picket the roads, that his business or professional errand could not have been accomplished by any other means.

Driving to a restaurant or theatre is an offence punishable with imprisonment.

An owner must keep his vehicle in going condition, however, ready for instant requisitioning. The penalty for failure to obey this order is imprisonment or penal servitude.

Only about 15 per cent. of the number of registered private cars are now on the road. There are practically no taxicabs.—Daily Telegraph

500,000 CARS MAY BE LAID UP

Nearly half the private cars in England were, on the latest estimate, been laid up or sold for scrap when the year expired.

Owing to petrol rationing just under 400,000 cars were laid up at the end of the September quarter. Now there is the new 25s per h.p. tax to be faced as well as a strictly rationed petrol at 15d a gallon.

According to an official of the newly formed motor trade "war executive," reports collected from all parts of the country indicate that one-third of the remaining 1,600,000 cars still in use will not be re-licensed at the New Year.

If these estimates prove at all accurate, the result will not only be disastrous to one of the biggest retail trades in the country, but a serious drop in revenue for the Chancellor of the Exchequer.

The 500,000 cars to be laid up will include almost all the high-powered vehicles, which to the tax-collector are the most lucrative. Assuming that they average only 18 h.p. and to be laid up only for the first quarter, Sir John Simon will lose £5 in vehicle tax on each, or £4,500,000.

LOSS ON PETROL

If using only the basic petrol ration each car would consume in the three months 24 gallons, which is equivalent to 18s each in petrol tax revenue or £810,000 for the lot, making a total loss to the Treasury from this wholesale laying up of £5,300,000 for the three months.

But the blow will fall more directly and more swiftly on the retail motor trade with its 25,000 firms, large and small, and its 250,000 employees. Many of these are already hard put to it to pay their rates and not a few are bankrupt.

The distress in the New Year, with trade reduced by 60 per cent. or more will be deep and widespread.

The motor trade's "war executive," which intends to bring the greatest possible pressure on the Chancellor when Parliament re-assembles, is now urging car owners to think again before finally deciding to lay up their cars.

NO KNOWLEDGE OF HOSPITAL BURNING

TOKYO, Jan. 15 (Reuter)—Referring to the burning by Japanese soldiers of the hospital of the British-owned Methodist Missionary Society near Wutzing, Shanung, on Christmas Day, a Foreign Office spokesman said that he had no knowledge of the incident.

He thought no protest had been made.

which Steele, Bullock, and Smith were prominent.

Steele scored for Barnsley, but Notts Co. pressed, and Duncan equalised. England gave Barnsley the lead just before the interval.

Barnsley attacked strongly, on resuming. Steele twice sending over the bar, and Bullock narrowly missed, scoring. Hall, the County goalkeeper, gave a good display, and Mills and Bailey were sound defenders.

UNCENSORED VERSION

"ALL QUIET ON THE WESTERN FRONT"

AT KING'S TODAY

"All Quiet On The Western Front" Universal's truthful and graphic screen presentation of Erich Maria Remarque's famous war novel, which comes to the King's Theatre today in its new uncensored version is a drama of deep human emotions and a timely indictment of modern war.

Now that the truth can be told, scenes removed from this picture before its original release have been restored in full, to tell even more starkly the dross and bitterness of the last war and the present war.

Low Ayres gives a performance that has seldom been surpassed in the role of the youth transformed from a schoolboy in a German village to a soldier boy in the trenches.

Stim Summerville, the late Louis Wolheim and many other players give unforgettable portrayals in the film which is truly one of the greatest ever made.

Vicious Spiral Of Rising Prices In Britain: Press Comment On War Means & Methods Protest Against Any Undue Demands On Resources

LONDON, JAN. 15 (REUTERS).—THE BRITISH GOVERNMENT HAS LAUNCHED A PLATFORM CAMPAIGN WHICH WILL ENABLE THE MINISTERS TO MAKE DIRECT CONTACT WITH THE PUBLIC AND TO SPEAK TO THEM ABOUT VARIOUS ASPECTS OF THE WAR.

The Prime Minister started the ball rolling with his speech on Tuesday at Mansion House and this was continued in Glasgow on Saturday by the Chancellor of the Exchequer.

Both spoke more on the means and methods of the war, rather than on the war itself and this was taken up by yesterday's British press.

The Sunday Times, for instance, says that the people of Britain, on the whole, know why they are fighting. They want to be told, not that sacrifices are necessary, but what sacrifices and why.

MAIN QUESTION
The main question, continues the paper, is: "Are we all doing everything in our power to restrict consumption and to keep down prices and from making undue demands on shipping and purchasing resources?"

"As we," asks the paper, "doing anything to prevent prices and wages from moving upward in a vicious spiral which benefits no one in the long run and endangers all? So far this problem has been met by taxation, promotion of savings and rationing."

TAXATION & CONSUMPTION
"Taxation," says the Sunday Times, "is mainly directed at the better-to-do classes and at the very top income tax and surtax now amounts to seventeen shillings in the pound. But two-thirds of the consumption in Britain is by those earning less than £5 a week."

"Here, there, was the necessity of thorough co-operation from workers and so savings came into being."

WORST U.S. MINE DISASTER

BARTLEY (WEST VIRGINIA), Jan. 15 (Reuters).—Seventy-six bodies of the 92 miners killed in the coal mine explosion here have now been recovered. The rescuers reached the centre of the explosion, which is the nation's worst mine disaster in this decade.

"Rationing also restricts consumption and prices, although that is not its primary aim. Despite this, the vicious spiral of rising prices has become evident by the rise in the cost of living and according to the increase in the wages of several of the larger groups of workers."

GOVERNMENT ACTION
"As a general movement upward is imminent," says the Sunday Times, the Government must take a more definite attitude about it. On the other hand, Reynolds declares that Mr. Chamberlain's plan to prevent wages and prices going up would be more burdensome on the housewife than on big business and attacks any idea of keeping wages at a forced low level."

SWEDISH TERRITORY VIOLATED

BOMBS DROPPED BY UNIDENTIFIED PLANES

STOCKHOLM, JAN. 15 (REUTERS).—THE FOREIGN OFFICE ANNOUNCED LAST NIGHT THAT UNKNOWN AEROPLANES YESTERDAY MORNING FLEW OVER SWEDISH TERRITORY, INCLUDING THE ARCHIPELAGO BETWEEN HAPARANDA AND LULEA. A heavy snowfall prevented identification.

Several bombs were dropped on Kallax, six miles south-west of Lulea, and exploded upon the ice and investigations are proceeding to establish the origin of the bombs.

NINE BOMBS DROPPED

STOCKHOLM, Jan. 15 (Reuters).—Details from Lulea show that at least nine bombs were dropped, but no damage was caused. Eight foreign planes were reported over Alhamn, flying northwards at a great height.

A later message stated that Haparanda had its first air raid warning on Sunday owing to a raid on the Finnish town of Tornio in the vicinity.

In the recent Honours for the Navy list, which appeared in The Times of Jan. 1, 1940, Lieut.-Commander J.M.C. Cox, R.N., of H.M.S. Scorpion, and Surgeon-Lieut. V. J. R. Sheridan, of H.M.S. Mantis, both of the Yangtze flotilla, received the Distinguished Service Cross.

Australian Airmen In England

"WE ARE GOING TO CO-OPERATE AND SEE THIS THROUGH"

LONDON, Jan. 15 (BWS).—Mr. S. M. Bruce, High Commissioner of Australia and Mr. Anthony Eden, British Dominions Secretary, yesterday inspected the R.A.F. Coastal Command Headquarters.

In the personnel of the station is the unit of the Royal Australian Air Force, the first complete Dominion air unit on service overseas.

After warmly welcoming the Australian airmen, in a brief speech Mr. Eden said: "There is no doubt of the task that lies before us and no doubt of the nature of the struggle in which we are engaged."

NAZI DREAMS

"The present leaders of Germany want world dominion. To be fair to them, they have been quite frank about it, and they have told us that Herr Hitler calls it 'Peace under the protection of the German Power.'"

"There are several small nations who have already learned what the protection of that power means. It is peace for them to death."

"Curiously, these people are quite sincere when they say to us they want to give us the protection of the German power and they cannot quite understand why we do not want it; but we don't."

"We have our own view, which is just the opposite: that peoples, great and small, should be allowed to live their own lives in freedom as they would. It is, therefore, a struggle for world civilization."

THE STRUGGLE

"Its outer defences, some of the small nations, have already been overrun and its great bulwarks are now being attacked. If they were to fall, there would be no lasting peace for freedom loving nations anywhere."

"The struggle in which we are engaged is one not only for ourselves, but for our children and children's children."

"It is because you understand that so well that from Australia and elsewhere in the British Commonwealth you have come to join us in a common effort. It is because of that fact, because you are here and because countless other thousands in the British Commonwealth are in this struggle that we are confident of final victory."

TERRIBLE QUAKE TOLL IN TURKEY

DEAD & INJURED OVER 59,000

ANKARA, Jan. 15 (Reuters).—Over 30,000, it is feared, died as a result of the earthquake on Dec. 27, 20,000 were injured and nearly 50,000 homes and buildings totally destroyed or rendered uninhabitable.

2,000,000 CATTLE

In Tokat District alone, 2,000,000 cattle perished and at least as many were lost in the other districts.

Improvement in the weather enabled the roads to be cleared sufficiently to allow access to the villages which were marooned since the earthquake.

AUSTRALIAN PRESTIGE

Mr. Bruce, addressing the Australian airmen in particular, said: "We are all in this war. We are going to co-operate and see it through and we are going to win. The honour and prestige and the good name of Australia reside in your hands. We are looking to you with confidence to uphold it as the men of the A.E.F. did in the last war."

Over 62,000 Aliens Now In Britain

436 GERMANS AND 50 AUSTRIANS INTERNEED

LONDON, Jan. 15 (BWS).—Alien tribunals, which have been engaged on considering cases of enemy aliens in Britain since October, have now, with a few exceptions, completed their tasks.

As a result, 436 Germans and 50 Austrians have been interned. These 486 people were placed by tribunals in the category "A," which meant an internment camp. In addition, 1,199 Germans and 822 Austrians were placed in category "B," which exempt them from internment, but not from special restrictions.

These impose limitations on the freedom of enemy alien to a change of his residence without receiving the approval of the police in advance and prevent him from travelling without permit more than five miles from his registered address.

FULL EXEMPTION

In category "C," which exempts both from internment and special restrictions, were placed 47,285 Germans and 6,597 Austrians.

The numbers interned are remarkably small, compared with the last war, at the end of which nearly 30,000 enemy aliens were in internment camps.

Where a tribunal was satisfied that the alien was a genuine refugee, it added to the certificate the words, "Refugee from Nazi oppression."

Special consideration was given to cases of British-born women, who, by marriage to Germans or Austrians, had acquired their husband's nationality.

TOTAL OF 62,389

The total of 62,389 includes 48,233 refugees, of whom 120 were ordered to be interned, 5,418 were placed in category "B" and 42,697 in category "C." Of 14,156 non-refugees, 386 were ordered to be interned, 2,606 were given "B" endorsements and 11,165 were placed in category "C."

Of these 11,165, over 7,000 are women and among the 7,000 are 2,000 British-born women.

Dictatorship Plan: Arsenal In New York

18 MEMBERS OF CHRISTIAN FRONT ARRESTED

NEW YORK, Jan. 15 (Reuters).—Eighteen members of an organization called the "Christian Front" were arrested by U.S. Federal Bureau agents on charges of conspiracy to create a revolution in the United States to overthrow the Government and to establish a dictatorship, announced Mr. Edgar Hoover, Chief of America's G-Men.

A small arsenal was unearthed in New York City, which, it is alleged, the Christian Front intended for a revolutionary purpose.

ERADICATION OF JEWS

The arrested persons are said to have functioned as a sports club and to have planned a reign of terror to begin on Jan. 20, for bringing about the eradication of all Jews and the seizure of public utilities, while the conspiracy called for the bombing of offices of the Jewish daily newspaper "Forward," the seizure of the customs in New York City, the Federal Reserve banks throughout America and the National Guard.

PRINCIPAL LEADER

Mr. Hoover declared that the principal leader among those arrested is John F. Cassidy, leader of the Christian Front, who was addressed by his followers as the "Fuehrer."

BOMBS AND RIFLES DISCOVERED

The Federal Agents in several raids confiscated bombs, a number of rifles and thousands of rounds of ammunition and it is alleged that the conspiracy was at least seven months old. Investigation is continuing for arms for the Christian Front armies elsewhere.

Mr. Hoover said that he had announced the plot at the request of

SEVERE AIR RAIDS OVER FINLAND

POPULATION HIDE IN TRENCHES

HELSINKI, Jan. 15 (Reuters).—It is officially stated that there were heavy bombings all over the country yesterday, especially in Hangö and Tammsaari, which were later raided five times. All communications with Hangö have been severed and it is reported that all the population of Tammsaari were in trenches; hence there were no casualties, though the Russians tried to machine-gun them.

Forty bombs were dropped at Espoo, 300 at Raasimäki, where there was slight damage and six bombs fell in Helsinki.

The retiring Attorney-General, Mr. Frank Murphy.

The conspirators met in the homes of the various members, at least one of whom was a member of the German-American Bund, while many members were connected with the United States Reserve Forces.

THOUSANDS OF MEMBERS

Mr. Hoover added that the Christian Front had thousands of members but refused to estimate the exact number until the completion of his nationwide investigation.

He also declined to comment on the possibility of conspiracies in other cities, but indicated that sweeping investigations were already under way.

PECULIAR CASE: WIDOW HIDES EARRINGS: FALSE ACCUSATION OF THEFT

What was described by the police as a peculiar case, and one which could have led to unpleasant results, came before Mr. H. G. Sheldon at the Central Court yesterday.

The defendant was a 46-year-old widow, Ho Tai. Some time ago she loaned \$18.50 to a man, named Li Wing, and had been unable to make any repayment.

FATAL FALL FROM FIFTH FLOOR

INQUEST HELD ON HOSPITAL PATIENT

The death of a patient, Mei Ping-kai, 20, who died as a result of a fall from the fifth floor of the Queen Mary Hospital on Nov. 23, formed the subject of an inquest held at the Central Court yesterday.

Mr. H. G. Sheldon sat as Coroner, assisted by a jury comprising Messrs. A. W. Holland (foreman), Kwok Yuen-sang and R. E. M. Devaux.

HIGH FEVER

Mei was taken to the Queen Mary Hospital on Nov. 23. Dr. T. K. Ling testified that Mei was suffering from high fever and he detected that he was suffering from pneumonia and had him transferred to a ward on fifth floor. Later, on the same morning, he was informed that the patient had jumped out of the window and was removed to the observation ward where he died on the following day.

Dr. Ling told the Court that pneumonia and high fever often resulted in mental changes.

The deceased died of fractures of the skull, spine and pelvis and rupture of the spleen.

A verdict of suicide while deceased's state of mind was disturbed was recorded.

SNATCHED MONEY

Sentence of four months' hard labour was imposed on Lo Kau, 28, unemployed, when he pleaded guilty before Mr. R. Edwards at the Central Court yesterday to larceny of \$96 from Li Tin-yuk in Bonnan Strand East on Saturday. The money was recovered.

On Sunday she met Li in Fleming Street, Wanchai, and again pressed for settlement of the loan. Failing to get any satisfaction, she blew the police whistle and when police arrived, she accused Li of having snatched her earrings. The parties were taken to police station.

Inquiries were made and as the detective failed to find any proof of the allegation, the defendant was searched. During the investigation, however, the defendant was stated to have hidden the pair of earrings in her hair.

As a result, she was charged with giving false information to the police.

SERIOUS CASE

Inspector A. V. Baker, who prosecuted, stressed the serious nature of the case and remarked that through her lies, she might have caused an honest man to get into trouble.

"This is the third case this year, and we have plenty to do without that," added the police officer.

A remand of 48 hours was granted.

INTERNEES CHARGED

Thirty-seven internees, taken into custody following the riot in the Argyle Street Camp appeared before Mr. R. Edwards at Kowloon Court yesterday when they were charged with behaving in a riotous manner. They were remanded for 48 hours at the request of Inspector H. E. Rogers.

40 INJURED

About 40 internees who have sustained injuries of various nature as a result of Saturday clash between the police, are at present receiving treatment in the hospitals.

According to an official police report, 15 are now in the Kowloon Hospital and 25 in the Camp hospital. Thirty-seven are in police custody.

Lance-Sergeant Boers and an Indian constable are also receiving treatment in the Kowloon Hospital.

2 MILLION KILOS OF CARGO ABOARD SOVIET STEAMER

The Soviet steamer Selenga, which was brought into port on Saturday by the Royal Navy to undergo search by the Contraband Control, carried a cargo of about two million kilos of wolfram, coffee and antimony. It was learned yesterday.

The ship was stopped off Formosa on suspicion that the cargo of wolfram, valued at \$250,000, was destined for Germany via the Trans-Siberian Railway. The wolfram was loaded in Manila.

The Selenga endeavoured to get into Formosan territorial waters when she saw the British warship coming up, but could not raise speed much above eight knots and responded promptly on reading the signal "Heave To."

The master of the vessel, Captain Yaskovich, has cabled a protest to Moscow and another to the Soviet Ambassador in London against the detention of the vessel in Hongkong.

LOCAL ESTATES

Local estate valued at \$67,400 was left by the late Mr. Fung King-soum (or Sam), alias Fung Wing-chau, merchant, who died on January 18 last. Probate has been granted to the widow, Fung Leung-shi and Ho Tak-fue, merchant.

Letters of administration have been granted to Mr. D. H. Blake, solicitor, in respect of the estate in Hongkong of \$15,700 of the late Mr. Chu Tong, alias Jui Shi-long, alias Chiu Sze-chung, alias Chew See-chong, alias Jui Tong, formerly of Lake Cormorant, De Soto County, Mississippi, who died at the Baptist Memorial Hospital, Memphis, Tennessee, on April 7, 1938.

Mr. Chen Li-tu, Chinese Minister of Education, left Kwelyang for Pingyueh on Sunday to continue his inspection tour.

KILLED BY HER FATHER'S CAR

When Mr. and Mrs. John Townsley, of Coldstream, Berwickshire, and their only daughter, Helen, aged 20 set out for a local dance, full of good spirits, they little thought that they would be involved in a tragedy only a few hours later.

Mr. Townsley was one of the dance organisers. He took his little family in the car.

Afterwards Helen decided she was going to walk home with a cousin and set off for home ahead of her parents.

She had been walking some time when the accident occurred. A car loomed up, and Helen was run down and killed instantly. Her cousin was unhurt.

The driver got out. It was Mr. Townsley.

60,000 CASES DEALT WITH

Work Of Aliens Tribunals

LONDON, Jan. 15 (Reuter)—The work of the Aliens Tribunals, which were set up at the beginning of the war, has now been practically completed, having dealt with over 60,000 cases of which 436 were Germans and 50 Austrians.

One hundred and twenty refugees and 388 non-refugees were interned, and many others subjected to special restrictions applicable to enemy aliens.

ROYAL PREROGATIVE. In addition, 300 German-Austrians were interned in the early days of the war under Royal prerogative.

As a result of the Tribunals' investigations the police are now in possession of complete dossiers on all enemy aliens, a position far different from that in 1914.

Czechs, numbering about 10,000, in Britain, are exempted from registering as enemy aliens, a separate Tribunal being set up to review their position.

HONGKONG, JANUARY 16, 1940

"CHRISTIAN FRONT"

THE ARRESTS of conspirators against the Federal Government announced from Washington yesterday bring into vivid relief the extent to which the pernicious example of Fascist private armies has found followers in countries still under the parliamentary type of Government. That such armies should exist, for instance, in the United States, may seem, on the face of it, fantastic. Yet exist they do.

ON THE ORDINARY SPOT of racketeering, private strong-arm gangs kept for the purpose of suppressing strikes, political "ideals" have been grafted, giving rise to one "little Hitler" after another. Much of the record is still shrouded in mystery and the precise background has not been revealed, yet the facts, even as they have come before the public, are spectacular enough. The post-war Ku Klux Klan, the late Huey Long and the very much alive Gerald L. K. Smith of Mississippi, the murderous Michigan "Black Legion," the March on Washington conspiracy backed by powerful financial groups and exposed by Major-General Smedley Butler, who was offered the leadership—all these were preludes to the present day German-American Bund and its native affiliates and imitators such as the Silver Shirts and the "Christian Frontist" storm-troops of the notorious "Radio Priest," Father Coughlin.

VARVING in a number of externals, these organizations have had the same programme and the same mode of action. Each one advocated a racial theory of "hundred per cent. Americanism," preached and practiced terrorist violence against organized labour, Negroes, Catholics and Jews. All paralleled, in many other ways the early features of Nazidom. If the Department of Justice has now taken the matter in hand, it is not a whit too soon.

ITAGAKI AND THE GUARDS

THE JAPANESE TROOPS that were soundly beaten at Kulunkwan, in Kwangsi, belonged to the Fifth Division long commanded by General Itagaki, now Chief of Staff under General Nishio, of the entire invading army in China.

This Division has a unique record for disaster. At the outset of the war it was badly mauled by the Eighth Route Army at Pinghsinkuan, in Shansi. Later it suffered at Linyi and Talerchuang. Transferred to the Mongol front, it bore its share of responsibility for the miserable showing of the Japanese army against the Soviet-Mongol forces. Kulunkwan is its newest battle "honour."

MORE INTERESTING still is the story of North Kwangtung, where the Chinese pincer movement routed the Imperial Guards, only recently sent to the China front.

IF THIS is what happens to the cream of the Japanese forces fighting against an adversary as poorly equipped as the Chinese armies on the Southern front, how poor, we are entitled to ask, is the watery remainder.

TRIBUTE TO EFFICIENCY OF AUXILIARY FIRE SERVICE IS PAID AT THE FIRST ANNUAL DINNER

Usefulness To Hongkong Expressed By A.R.P. Chief

TRIBUTE TO THE EFFICIENCY OF THE AUXILIARY FIRE SERVICE and appreciation of its usefulness to the Colony were expressed by the Director of Air Raid Precautions, the Deputy Commissioner of Police and the Superintendent of the Fire Brigade at the first annual dinner of the organisation, held in the St. Francis Hotel last night.

Members of the A.F.S. attended in full force and the guests included many officers of the regular Fire Brigade. Mr. D. H. Blake, Superintendent of the A.F.S., occupied the chair, and those present included Wing Commander A. H. S. Steele-Perkins (Director of A.R.P.), Mr. C. G. Perdue (Deputy Commissioner of Police), Mr. J. C. Fitz-Henry (Superintendent of the Fire Brigade), Mr. G. C. Moss, Mr. W. M. Smith, Mr. C. W. Brand, Mr. C. W. Browne, Mr. J. S. Howell, Mr. R. Grimshaw, Mr. Chan Mak-heung and Mr. Harold Chan.

The toast to the health of the A.F.S. was proposed by Mr. Perdue, who said that the Commissioner of Police, the Hon. Mr. T. H. King, had asked him to convey his apologies for not being able to be present, as his family had arrived yesterday after a very perilous journey from Europe. Mr. King had asked him to thank the A.F.S. for their work and to express to them his very best wishes for their future.

SPLENDID RESPONSE. Mr. Perdue said he had the greatest pleasure of being present because, in the early stages of the A.F.S., he had the honour of serving as Chief Officer of the Fire Brigade. He was greatly encouraged by the splendid response to the appeal launched by Mr. Fitz-Henry; it was striking demonstration that all communities in Hongkong realised their duty to the Colony and were prepared to carry it out.

The A.F.S. was a very valuable force, said Mr. Perdue, who paid tribute to the co-operation existing between the Auxiliary force and the regular Fire Brigade, who were on terms of the highest cordiality. Replying, Mr. Blake recalled the birth of the A.F.S. in July last and mentioned the endeavours of Mr. Chan Mak-heung to secure members. Mr. Chan's recruiting efforts were the best he had ever seen, said Mr. Blake.

A REAL FORCE. Mr. Fitz-Henry's help and the co-operation and kindness of the regular officers of men of the Fire Brigade would always be remembered by the A.F.S., continued Mr. Blake, who said that the fine organisation of the Superintendent of the Fire Brigade in helping the A.F.S. to get started and form itself into a real force was something to be admired.

Mr. Blake thanked Wing Commander Steele-Perkins for his interest and encouragement, and Mr. J. S. Howell, Mr. E. R. Price and Mr. Fung Su-wah for the work they had put in to make the A.F.S. what it was at the present time.

FACTS MUST BE FACED. The tribute to Mr. Fitz-Henry's organisation was heartily endorsed by Wing Commander Steele-Perkins, who said that 275 men were not enough to deal with the menace of incendiary bombs. Facts had to be faced, he said. If a machine came over the Colony and dropped 1,000 bombs, which it was capable of carrying, perhaps 25 to 50 per cent. of them would cause major conflagrations.

To cope with this, 1,000 men were necessary, and he would like to convey a hint to the Superintendent of the Fire Brigade that if the latter should apply for 1,000 men and the money to meet the expansion he would get it.

CONSISTENT WORK. Mr. Fitz-Henry said it did not require many words to express his appreciation, and that of the officers of the Fire Brigade, of the kind thoughts that prompted the invitation to attend the dinner. He had great pleasure to note the consistent work of the A.F.S. in training and the fine esprit de corps of the organisation.

The service and assistance of the A.F.S. at first was very much appreciated, he said. The gratifying results of the recruiting campaign showed that there were many in Hongkong who realised they had a duty to the Colony, and he was impressed by the response to the appeal to perform work which required bravery, endurance and a sense of public service.

The proceedings were enlivened by the music of Professor F. Gonzalez, and impromptu items by members of the A.F.S., which, together with the excellent arrangements made by the management of the St. Francis Hotel, made the occasion a memorable one.

STRONG PROTEST TO NORWAY AND SWEDEN BY U.S.S.R.

NO INTERFERENCE WITH ACTIVITY ON BEHALF OF HUMANITY

LONDON, Jan. 15 (BWS)—The Ministry of Economic Warfare announced yesterday: The Enemy Exports Committee have given permission for the delivery of a light and whistle buoy of German manufacture, ordered by the Icelandic authorities. The decision to allow the passage of this life-saving material accords with the Committee's policy of not interfering with humanitarian activities on which civilised life is based.

It will be remembered that German airmen three days ago attacked a lighthouse tender, while she was conveying relief to the crews to light vessels off the east coast.

18TH CENTURY EXAMPLE

Referring to the incident, a correspondent in Friday's Times contrasted the attitude of King Louis XIV, with whom we were at war in the Eighteenth Century, when his men captured some British lighthouse men. The King ordered their release saying, "Their work is for the benefit of all nations. I am at war with England, not with humanity."

OSLO, Jan. 15 (Reuter)—The Norwegian steamer Færeville (1,150 tons) struck a mine in the North Sea yesterday.

There are five survivors, and eleven men who are missing, it is feared, have perished.

Yugoslavia Prepared For Anything

BELGRADE, Jan. 15 (Reuter)—Belgrade, Prince Paul, Regent of Yugoslavia, paid an official visit to the Croat capital, Zagreb, yesterday, accompanied by the Prime Minister and was engaged in friendly discussions with Dr. Matichuk, the Croat leader.

COMPLETE UNITY. In a speech from the balcony, Prince Paul declared that the Yugoslavian peoples, Serbs, Slovenes and Croats, were now united and would work together. This unity would mean they were nationally prepared for anything that might happen in the future.

PROTESTS MADE. The Agency adds that in view of this, the Soviet Ministers in Sweden and Norway were authorised to make appropriate representations.

The Soviet Minister to Sweden, on Jan. 5, delivered a declaration to the Swedish foreign Minister, stating that during December newspapers hostile to the U.S.S.R., headed by a newspaper which is closely connected with the Government, carried on a campaign against the Soviet, which is only explicable if Sweden were in a state of war with the U.S.S.R., or preparing for war against the U.S.S.R.

REPLIES CONSIDERED "UNSATISFACTORY." According to the Moscow radio, the replies to the Soviet protests to Norway and Sweden "cannot be considered satisfactory."

The radio adds that "the attitude of Norway, and especially Sweden," as revealed by their answer, only proves their lack of resistance against the powers which exert pressure to involve the Scandinavian countries in the present conflict.

ONE COMMAND & ONE IDEAL

LONDON, Jan. 15 (Reuter)—Somewhere in France, Air Marshal Barratt took over his duties as Air Force Commander-in-Chief the British Air Force in France.

His first official act was to sign an Order of the Day announcing that the British Air Forces are united in one command. He says: "The one ideal that inspires us is to do our utmost to win the war. We will work wing-tip to wing-tip with the Allied Air Forces to bring the war to a speedy and decisive conclusion."

HOUSE PIERCED BY BOMB

HELSINKI, Jan. 15 (Reuter)—There was another air raid alarm yesterday morning. Several Soviet planes were seen, but no bombs were dropped on the capital itself. The adjoining districts, however, were bombed and it is reported that the residence of the U. S. Minister, some twelve miles outside the capital, was wrecked when a large incendiary bomb went through the roof and the living room and buried itself in the foundations without exploding. The American Minister left the house some days ago.

RED CROSS BOMBED

STOCKHOLM, Jan. 15 (Havas)—Soviet planes bombed the Danish Red Cross unit on the Finnish front according to a report from Prof. Kivis, head of the Danish Sanitary Unit in Finland. There were no casualties.

SWEDISH VOLUNTEERS

HELSINKI, Jan. 15 (Reuter)—General Lindberg, Officer Commanding the Swedish Volunteers in Finland, issued his first proclamation. He stresses the great task ahead of them and says they are fighting not only for Finland, but all the northern countries.

HEAVY AIR RAIDS

HELSINKI, Jan. 15 (Reuter)—The air raids over Southern Finland yesterday were the heaviest so far experienced. There were many civilian casualties and considerable damage done.

At many places the raiders machine-gunned civilians. In the county of Helsinki alone over a dozen towns were attacked and large fires occurred and telegraph and telephone communications broken.

A hundred Soviet machines are reported to have participated in the raids. Three planes were brought down.

German Bluff Again Or? BELGIUM, HOLLAND AND NAZI MENACE Uneasiness Prevails

SPIES ARRESTED: ARMY LEAVE IS CANCELLED

PARIS, JAN. 15 (REUTER)—DESPATCHES RECEIVED HERE STATE THAT TWO GERMAN SPIES WERE ARRESTED IN HOLLAND.

ONE WAS ALLEGED TO BE SENDING A DAILY METEOROLOGICAL BULLETIN FROM A TRANSMITTING POST INSTALLED IN A CAR, WHILE THE OTHER IS STATED TO HAVE VAINLY TRIED TO PROCURE LARGE QUANTITIES OF MOTOR TYRES.

MILITARILY PREPARED

AMSTERDAM, Jan. 15 (Reuter)—An official statement says that suspension of army leave does not mean that soldiers on leave must return immediately, but no new leave will be granted. Many soldiers yesterday morning thought they must return to barracks immediately and cancelled their arrangements unnecessarily.

However, Holland is "militarily prepared" for whatever may happen.

The heavy frosts of the past week have produced ice thick enough to bear men and even motorcars, but not heavy mechanised transport or tanks.

The temperature rose last night and thaw started today. Big ice in the river are breaking up and conditions generally would render the movements of a big attacking force very difficult.

FOREIGNERS ROUNDED UP

Beyond the announcement that the suspension of Army leave was ordered in view of the unfavourable international situation no official announcement has been made by the Netherlands Government to explain the sudden cancellation of all army leave.

On Saturday night, however, there was a large scale round-up of foreigners in Amsterdam, and a number were taken to the police stations to have their identities confirmed.

POSSIBILITY OF BIG ATTACK

Special to the H.K. Daily Press
PARIS, Jan. 15 (Havas)—Political circles learnt with anxious interest the news of the Dutch and Belgian moves for the protection of their frontiers.

Precise information of the renewed German threat is not available, but it is pointed out that German concentration along the neutral borders has not been modified since Nov. 11 and an attack could start upon a first order.

It is recalled that an attack against Holland was postponed two months ago when Berlin learnt that Belgium was co-operating with the Allies for the defence of Holland and allowing for the passage of British and French troops.

While the Belgian and Dutch precautionary measures are entirely justified by repeated observation flights of German planes over neutral territory and the arrival of German motorized units at the Dutch frontier and in view of the rapid propaganda against the low countries, political circles wonder whether the German threat to Holland is not meant only for diverting attention from the real German aims in Central Europe.

It is reliably learned that military measures have been taken on the Slovak-Hungarian frontier and that important troops movements have been observed in Bohemia and Moravia.

CABINET MEETS. THE HAGUE, Jan. 15 (Reuter)—A special meeting of the Netherlands Cabinet was called last night to discuss the international situation, but no statement has yet been issued.

The army order cancelling army leave affects 50,000 officers and men.

"ARMED & READY"

BRUSSELS, Jan. 15 (Reuter)—A statement issued on the new military measures by the semi-official Belgian Agency, says: "The measures are taken to show that the Government is not lacking vigilance."

"Nothing has been concealed from the public."

"Alarmist reports have been spread both here and abroad, but these cannot move our patriotic Belgians. Belgium remains calm, but is armed and ready."

BELGIAN ANXIETY: ALMOST TOTAL MOBILIZATION

PARIS, Jan. 15 (Reuter)—Some anxiety is felt in the Lige region, where German troops are stated to be in readiness, and German planes fly over the region occasionally at low altitude.

GERMAN BLUFF OR—?

BRUSSELS, Jan. 15 (Reuter)—The General impression in well-informed quarters is that nothing serious has occurred so far and the situation is considered slightly easier.

Political circles regard the whole manoeuvre as a German bluff in order to ascertain how far Belgium is prepared to resist possible aggression.

It is understood that certain troop concentrations are taking place in order to counteract possible German concentrations, especially in the La-Aix-Chapelle region.

MOBILIZATION

BRUSSELS, Jan. 15 (Reuter)—"Phase D" of Belgium's mobilisation plan has now come into operation. This is almost total mobilisation, as only one more phase remains to be called.

A certain number of Belgian reservists of the 1920/21 class and some technicians have been called up, and the Belgian Radio has warned all soldiers on leave that they must rejoin their units immediately.

Yesterday the radio announced the requisitioning of property and all forms of transport. Belgian factory workers have been taken over for military duties.

PENULTIMATE STAGE

The bringing into force of "Phase D" of the reinforcement of the Army means that the penultimate phase of the mobilisation series has been reached, the last phase being general mobilisation. One result of bringing into force of Phase D is the constitution of General Headquarters. From now onwards, General Headquarters gives orders and takes over the functions hitherto performed by the Ministry of National Defence.

Despite a certain atmosphere of tension, life in Brussels is proceeding more or less normally and the streets were full of the usual Sunday crowds. While the cinemas and cafes were well patronised.

FROST EFFECT

PARIS, Jan. 15 (Reuter)—Though frost is prevailing in Europe, it is not thought here that it will have any great effect on a land's system of water defences.

The ice may be strong enough to allow the passage of a certain number of men, but not material, such as lorries, guns and tanks.

HUGE CONCENTRATIONS

COPENHAGEN, Jan. 15 (Havas)—The concentration of German engineers units is reported along the whole length of the Dutch border, especially on the Dogholt-Borken-Wesl triangle on the north bank of the Rhine. Special units, equipped with small motor launches, having on board motorcycles and armed with machine-guns, have arrived in the same sector.

An abnormal transportation of troops was witnessed throughout Germany, while numerous planes have concentrated on the Belgio-Dutch frontier.

ROUTINE ACTION

THE HAGUE, Jan. 15 (Reuter)—It is stated that the round-up of foreigners yesterday was in no way out of the ordinary, as the police had for some years been making such round-ups on an average of thrice weekly.

About 12,000 Japanese troops are reported to have landed at Whampoa to be used for another offensive in North Kwangtung. While the disposal of these troops is not confirmed, a Japanese army spokesman in Canton stated some time ago that the first offensive in North Kwangtung had come to a "successful close" and that a second offensive was under preparation (international).

A CRISIS OF THE FIRST MAGNITUDE COMING IN THE RELATIONS BETWEEN THE UNITED STATES AND JAPAN, SAYS NOTED AMERICAN COMMENTATOR

Significant Talk On Development Of U.S. Opinion On The War In Europe & The East

LONDON, JAN. 15 (REUTERS).—IT IS CLEAR THAT A CRISIS OF FIRST MAGNITUDE IS COMING IN THE RELATIONS BETWEEN THE UNITED STATES AND JAPAN," said Mr. Raymond Gram Swing, the noted American commentator, in the course of a highly significant talk on the development of American public opinion in relation to the war in Europe and Japan's aims in the Far East.

Mr. Gram Swing's address, which was recorded direct from New York, was broadcast yesterday.

After President Roosevelt's recent speech, said Mr. Gram Swing, the development to watch for was the public reaction to what he said, for it contained one or two more important ideas and, if these roused any great opposition, one would know what to expect.

FIRST CONCEPTION

President Roosevelt's first conception was that the American people were bound to be affected by the outcome of the war in Europe and must also have a part in peace.

There are two schools thought in America, Mr. Gram Swing went on. The first believes that the United States cannot live a life of peace except as a member of the world at large, while the second believes that the United States is sufficiently self-sufficient and that its place in the western hemisphere is so secure that it would be a grave mistake ever again to be involved in European or Asiatic conflicts.

When the President came out with the doctrine of one school, it was to be expected that the other would challenge him and make it a major issue. Consequently public reaction would provide a good estimate of American opinion. But the speech was not really challenged and no major disagreement voiced.

WIDEST APPROVAL

The message was taken as a whole and won the widest approval. Although there was negative reaction, it did round out the importance of the message by the President himself. Such a message should be compared with the earlier ones.

At the outbreak of war the President spoke to the country by radio from White House, in which said that even a neutral has the right to take account of the facts and even a neutral cannot be asked to close his mind or his conscience.

MESSAGE TO CONGRESS

In his message to Congress last week, the President stressed that there was a vast difference between keeping out of war and pretending that this war is "none of our business." One could see the difference between these two statements and one could sense quite a tangible development.

American opinion has developed less rapidly than it would have if the war had been more intense to date, but here is the opening of thought and judgment.

There is, Mr. Gram Swing went on, nothing harder than to try and draw up a statement of public opinion which even approximately represents the opinion of a nation of 130,000,000 people. Most of them do not think—that is they do not think ahead, they respond.

ROUND-TABLE VOTING

But a round-table conference was recently called by the Magazine "Fortune." Its members were chosen from all walks of life—the businessman, the labour leader, the retired naval expert, the contractor, and so on. These men had time to thresh things out and come to a sort of agreement.

Fourteen of sixteen members of the round-table accepted a statement on the following lines:

The round-table believes that if war in Europe results in a Ger-

man victory or a social revolution, it will seriously injure the welfare of the American people. If the war in Europe leads the people of Europe to adopt a totalitarian system and the United States becomes the one remaining democracy in a totalitarian world, it would live under fire of attack from without and subversive propaganda from within and might develop a native totalitarianism of its own.

American military commitments would be increased by the success of Germany in sinking or acquiring the British Navy or the success of Japan in China.

JAPAN'S AGGRESSION

The round-table rejected participation in the present war in the circumstances now visible, but also rejected the abandonment of the United States world position through the surrendering of neutral rights or acquiescence in Japan's aggression on China.

The round-table was of the opinion that the United States should refuse to recognise the Japanese New Order in East Asia and should help China (by embargoes against Japan or Government aid to China). It approved of American participation in organisations for peace.

DOMESTIC PROBLEMS

It then went on to deal with domestic problems. Here are the views of fourteen men, Mr. Gram Swing continued: One man believed that the United States should extend active aid to the Allies; one believed that Communism is closer in a long war and that the United States should induce belligerents to stop fighting or else prepare to meet the debacle alone.

This is a presentation of typical American thought, he went on.

The general impression is that the United States is bound to be affected by the war and believes in the same principles as the Allies, but it does not come to the conclusion that the United States should now enter the war. It does not take much wisdom to know that a free people do not go to war unless, and until, they have to, he continued.

The Englishmen can look back on developments in Europe and know how true that is.

TRADE AGREEMENT WITH JAPAN

In thirteen days time, the trade agreement between the United States and Japan expires. On that day, the whole question of United States policy in the Far East comes to a head. The United States can then apply an embargo on supplies to Japan and is in a position to negotiate for better conditions in China.

The opinion of the round-table was against acquiescence in Japan's New Order in China and the American Government has so far shown no signs of compromise or a desire to make things easier for the Japanese Army in China. Indeed, the recent letter by Mr. Henry Stimson advocating the stopping of supplies of Japan; the resolution of the Senate Foreign Relations Committee calling for an embargo; and the Navy's declared intention for improving Guam and increases in the navy itself—all are silent pressure on Japan.

It is clear that a crisis of the first magnitude is coming in the

JAPAN'S NEW PREMIER WAS CAUSE OF FAILURE OF THE MILITARY PACT WITH REICH

Special to the H.K. Daily Press

TOKYO, Jan. 15 (Havas).—Early comments in international circles here stress that Admiral M. Yonai was chiefly responsible, on the Japanese side, for the failure of the proposed military alliance with the Reich and he is known for harbouring moderate views towards Great Britain and the Reich.

Consequently it is thought that it is likely that the new Cabinet will halt the drift towards the Soviet, which marks the last stage of the Abe Government, and try to normalise relations with London and Washington.

TACIT ENCOURAGEMENT

Such a policy has the tacit encouragement of the majority of the Japanese nation.

Meanwhile, the following reasons were given to explain why Gen. Hata was not entrusted to form the new cabinet.

GENERAL HATA

Although the ban against Gen. Hata, who is a general on active service, was lifted by a conference of Army leaders early this month, strong objections were voiced against his policies by certain Army circles, who feared a situation arising with decisions taken against the Army's wishes by a Premier who is a general on the active list.

On the other hand, it is rumoured that influential and moderate elements backed Gen. Hata with the secret hope that he falls in a difficult task and that his departure would eliminate the Army from politics for good.

PUSH AND BE PUSHED

Gen. Hata himself has clearly realized the situation and is reported to have told his friends: "If people make a case of me, it is because I have a sword at my side."

"The Army is supposed to be the propelling force behind the Government and not the Government itself. I am willing to push ahead, but I cannot push and be pushed at the same time."

ARMY CO-OPERATION

TOKYO, Jan. 15 (Havas).—After an audience with the Emperor, General Hata informed the Army leaders that the Emperor had "explicitly voiced his desire that the Army should co-operate with Admiral Yonai, the Premier designate."

CHINESE COMMENT

That the new Japanese Cabinet under Admiral M. Yonai will likely meet with the same fate as the Abe Cabinet is the consensus of opinion.

CHAMBERLAIN'S PEACE EFFORTS RECOGNIZED

Statue To Be Erected In Portugal

LONDON, Jan. 15 (BWS).—According to a Lisbon press message, the results of a subscription in September for the erection in Lisbon of a statue of Mr. Neville Chamberlain as a tribute to his efforts for peace, will, according to the wish of Mr. Chamberlain, as expressed through the Ambassador, be applied to public charity under the direction of a *Diario de Noticias*, with the consent of the Portuguese Government.

It has been resolved to donate a portion of the money to the erection of a maternity hospital in Lisbon.

An enjoyable dance was held at the Chero Club last night and was well attended.

relations between the United States and Japan.

SIGNIFICANT EVENT

Concluding, Mr. Gram Swing said that the most significant event of the past fortnight had been the quiet acceptance by the people of the United States that their country must have a part in the new peace. This did not mean that they felt it should impose peace, but that they were beginning to recognise their country's responsibility in the peace to come.

expressed by the local Chinese Press today.

The TA KUNG PAO points out that whenever a new Japanese cabinet was to be formed in recent years at time of acute friction and impasse, the Japanese ruling class invariably selected its premier from the Navy as a check against the Army. This applies to the selection of Admiral Yonai at present.

FAR BEHIND

However, the journal says, Admiral Yonai is far behind Admirals Saito and Okada, who headed the Japanese Government before, in ability as well as in prestige. Conditions in Japan today are worse than those six or seven years ago.

Consequently, it may be predicted that the new Yonai Cabinet will follow the same fate as the Abe Cabinet. It may be even more short-lived than the latter because the Japanese political structure is already irretrievably on the way to collapse.

NOT COMPETENT

THE NATIONAL TIMES comments that Admiral Yonai is hardly a powerful and competent statesman. Although supported by the junior officers of the Navy, he is not on good terms with the diplomats and the Army and has no connections whatsoever with the political parties.

In view of this, it is questionable that he will succeed in stabilizing the political conditions in Japan. Furthermore, it is also doubtful whether he will be able to dispose of the China war which the previous Japanese Cabinets have failed.

EXPANSION POLICY

The SING TAO JIE PAO predicts that with Admiral Yonai as premier, Japan is likely to strengthen her southward expansion policy and taking advantage of the war in Europe, encroach upon foreign interests in the Far East.

The LIT PAO expresses the opinion that the present difficulty of the Japanese Government does not lie in its personnel problem but in its wrong policy. If the policy of aggression in China is not altered, whoever becomes premier will be just as helpless as his predecessors.—(Central News).

R.A.F. CAPTURE IMAGINATION OF PUBLIC

MOST BRILLIANT SURVEY FLIGHT

LONDON, Jan. 15 (BWS).—The remarkable reconnaissance flight by machines of the R.A.F. Bomber Command last Friday night over southern Germany and as far as Vienna and Prague has captured the imagination of the public.

The German High Command refers to the exploit in a single sentence which states, "Isolated enemy aircraft carried out a reconnaissance flight over German territory" but German news agencies, in an attempt to minimise the significance of the flights, claim that they were ineffective as they were made at night and that they did not reach as far as Bratislava and turned back far west of Prague and Vienna.

For these reasons, it is added, German anti-aircraft guns did not fire on the raiders.

The Daily Telegraph contrasts this flight of over a thousand miles over German territory and a thousand miles back without a single casualty in machines or men with vain attempts to elude the British coastal defences.

TRUTH OF FACTS

Referring to the dropping of leaflets on Vienna and Prague during this reconnaissance flight, the Daily Telegraph says, "Even where Hitlerism rules, truth of facts will seep through into the men's minds. From this, the most brilliant survey flight of the war, it will become known to the Germans that the Fuehrer cannot defend them from the air power of the Allies and that the most remote part of the Reich is not safe when Britain and France choose to strike."

The paper continues to point out the range of the Wellington bomber, with full war load, is far greater than 2,000 miles and recalls that Britain already possesses a smaller type of bomber which has done over 7,000 miles non-stop.

CRUCIAL PUPPET PARLEY

WANG GOING TO TSINGTAO

Special to the H.K. Daily Press

SHANGHAI, Jan. 15 (Havas).—Wang Ching-wei is going to Tsingtao, probably tomorrow morning, to attend a crucial conference with leaders of the Peiping "Provisional" Government and the Nanking "Reformed" Government due to be held before the end of January.

The chief aim of the conference is to make preparations for the establishment of the new Central Political Council as the first stage for the formation and organisation of the new Central Government which Wang Ching-wei hopes to inaugurate on, or after, the Chinese New Year.

Threat To Belgium And Holland May Be Nothing At All—London View

LONDON, JAN. 15 (REUTERS).—IF HITLER IS ACTUALLY PREPARING A BLITZKRIEG IT WILL ALMOST CERTAINLY COME WITHOUT WARNING AND, THEREFORE, CURRENT ALARMS ABOUT BELGIUM AND HOLLAND MAY TURN OUT, AS WAS THE CASE MORE THAN ON THE PREVIOUS OCCASION, TO BE FALSE.

ANOTHER PIECE OF BLUFF, SAY FRENCH PRESS

PARIS, Jan. 15 (Reuters).—Commenting on the tension in Belgium and Holland indicates that the press generally regards the German threat as another piece of bluff. Pertinax writes in L'Ordre: "The general opinion is that the Reich only wants to obtain supplies through threats."

NEW YORK, Jan. 15 (Reuters).—The cancellation of leave of the B.E.F. and the Belgian and Dutch armies forms the principal topic of the New York press.

"Once again Belgium and the Netherlands are preparing to defend themselves," writes the New York Times.

"Whether Germany attacks, or again withholds the expected blows, these neutrals almost as much victims of the war as the belligerents."

HUGE EXPENSE
"Dutch merchant ships are being sunk each week by German mines and submarines. Belgium and Holland are put to the huge expense of mobilisation and their populations live in constant terror of attack."

The New York Herald-Tribune writes: "It is to the dead of the nations which Nazi imperialism has left behind it, there is added the slaughter of Belgium and Holland. It would be regarded as a monstrous crime by every nation of the world."

"ALLIED PROPAGANDA"
Special to the H.K. Daily Press.

COPENHAGEN, Jan. 15 (Havas).—The Berlin correspondent of the Berlingske Tidende stated that the German authorities assert that the Belgio-Dutch military measures were taken under the influence of "Allied propaganda" and added that the measures were purely in-

This is the unofficial view but well-informed quarters in London recall a somewhat similar situation arose in November, in regard to the low countries, which were believed to be in peril. Fortunately these fears proved groundless although there was ample substantiation for them at the time.

It is stated that the fears being expressed in the press today might prove unfounded but, it is pointed out that when Hitler has struck in the past it has always been with extreme secrecy and swiftness, therefore, the publicity being given to the low countries may be an indication that nothing, in fact, will take place.

At the same time the precautions taken by the Dutch and Belgian Governments and the stopping of leave by the British High Command are felt to be undoubtedly prudent.

ADMIRABLE CALM
It is learned that the Dutch and Belgian people are taking the situation with admirable calm and this is felt to be an example for other countries.

In view of the improved weather in central and eastern Europe and the apparent thaw in those regions it is believed in London that conditions may be more favourable for adventures here than in the low countries.

It is thought that a move might be made here while attention is diverted to Belgium and Holland.

ternal and of no concern to Germany.

The Politiken Berlin correspondent said that the Belgio-Dutch military measures were motivated by previous assurances which Holland gave to Britain following the kidnapping of two British subjects at Venlo on the Dutch-German border.

The paper concluded: "Strategically, Germany has no wish to start an offensive against Belgium and Holland although it is natural that sooner or later Germany will seek the weakest point on which to start an offensive."

CHINA'S INTERNATIONAL PAYMENTS BALANCE SOUNDNESS PROVED

FREE INTERIOR HAS FAVOURABLE BALANCE: OCCUPIED AREAS LAG

During the first three quarters of 1939 while the customs in Free China registered a favourable international balance of payments of \$33,645,000, those in the Japanese-administered areas and in the districts of Shanghai and Kowloon recorded a total unfavourable foreign balance of \$405,115,000, according to statistics published by The Financial Review of the Central Bank of China.

The adverse balance of international payments in the customs under Japanese occupation was given by the same report at \$269,173,000, while that in the ports of Shanghai and Kowloon, which suffer more or less from Japanese interference, was placed at \$155,942,000. Complete data of China's international balance of payments as represented by customs records, both under Chinese administration and under Japanese occupation, follow:

Remark:—Statistics on the customs of Aigun, Harbin, Guntun, Longchentsun, Antung, Dalren, Newchwang, Yochow, Kiukiang, Wuhu, Nanking, Chinkiang, Soochow, Hangchow, Samshui and Wuchow are not listed above.

Statistics on the customs of Swatow were not available for some time since Japanese occupation of that port at the end of June, 1939. The figures quoted above regarding Swatow are compiled after September, 1939, hence they are listed under "Customs not under Chinese Administration."

The figures in the table above are calculated from the official rates between the Chinese national dollars and the customs gold units.

Additionally, The Financial Review also gives statistics on the volume of China's inpayments and outpayments in her international balance of payments during the first three quarters of 1939. The following gives a comparable study of balance of foreign payments in whole China between 1939 and 1938 (difference of the following figures from those in the first table is due to different exchange rates upon which they were calculated):—

	Inpayments		Total
	Merchandise	Treasure	
	Exports	Imports	
January-September 1939	648,511	3	648,514
January-September 1938	529,120	16,515	545,634
Increases or Decreases	-119,392	+16,512	+102,879
Percentages	+22.4	-99.9	+18.9

Value of China's Inpayments and Outpayments in International Balance of Payments During First Three Quarters of 1939 (In thousands of Chinese national dollars)

	Inpayments		Total
	Merchandise	Treasure	
	Exports	Imports	
Jan.-Sept. 1939	2,319,312	4,818	2,324,130
Jan.-Sept. 1938	786,539	80,128	866,667
Increases or Decreases	-1,532,773	-75,310	-1,608,083
Percentage	+104.4	-94.1	+167.9

Remark: The value of merchandise imports in the above table is calculated from market rates between Chinese national dollars and foreign exchanges, hence it differs somewhat from that based on the official exchange rates as quoted in the customs statistics. The import of precious metals is listed under the account of inpayments while their export is labelled as outpayments so as to bring the total value of China's balance of international payments closer to its actual total.

Japanese manoeuvres to discredit the notes of the Kwangtung Provincial bank circulated in Canton have no effect on the legal tender in general but hurt deeply the residents in that city which is now in confusion. The Japanese Army is forcing the people to use the military yen, which is not backed by any silver reserve. (International)

Feverish work is going on to repair the Kunming-Hanoi railway near Mengzi which was damaged by Japanese naval planes. The damaged parts will be repaired shortly whereby through traffic will be possible. At present traffic continues by making changes over the demolished portion of the railway. (International)

CHUNGKING, Jan. 15 (Central)—Under the leadership of Mr. Tan Kah-Kee, well-known Chinese millionaire and philanthropist in Singapore, an Overseas Chinese group will return home from the South Seas sometime in March next to comfort and relieve Chinese fighters at the front and war victims in the rear.

Women Urged To Replace Men In Camp

COBDEN.—The president of the south-western group of the Country Women's Association (Mrs. E. A. Thorpe) has written to branches urging women to take the places on farms of men going into camp.

"The most useful way of helping the Empire at present is by keeping up production and increasing it if possible," she stated.

Similar letters have been sent by other group presidents to branches throughout Victoria.

Branches are asked to get in touch with farmers and find out if they will be short-handed and could employ women.

It is proposed that branches then communicate with young women in the district, especially those who have no regular employment.

Strong girls, it is pointed out, could stook crops, help load and stack hay, feed calves and cows, wash cowsheds and separators, bring in the cows, pick and pack fruit, help dip, drench and move sheep, groom horses, harrow and drive carts. Some of the work would have to be done under instruction.

SKILLED WORKER.

(The president of Cobden branch (Mrs. J. Nicol), a farmer's widow, said she was sure all would do their utmost to help, but she thought the average farmer would prefer to manage by himself with the help of a skilled worker, rather

than with more than one who would require supervision.

She thought it would be more practicable if women not used to farm work finished garments, made jam and did other useful odds and ends for the wives of farmers, leaving them free to help their husbands.

The branch will notify headquarters that all members will do their utmost to help should the occasion arise.

FIVE CATS OUT OF THIS BAG

Four ten-week-old kittens jumped out when workmen at Maryvale Paper Mills, Traralgon, Victoria, Australia, opened a case of machinery sent from England. The kittens must have been born in the crate, as it was securely bolted throughout the journey. Their mother had kept herself alive by eating the fat cooked on the machinery. (Daily Mirror).

Chinese Postal Service Carries On, Improves In Stress Of National War

CHUNGKING, Jan. 5 (C.I.C.)—In the face of extremely difficult transportation problems as a result of the Sino-Japanese hostilities, the Chinese General Post Office has been functioning courageously in all parts of China. Not only have new mail routes, both domestic and international, been inaugurated, but postal facilities even in the areas very close to the front have always been maintained as long as possible.

Some 880,000,000 pieces of mail matter were handled and distributed by the various offices of postal system in one year. The outbreak of the "Manchurian Incident" in 1931 resulted in the loss of a part of the administrative area in the four northeastern provinces.

A much heavier blow was dealt to the postal administration when the nationwide war of resistance broke out following hostilities around the Marco Polo Bridge and in the Greater Shanghai Municipality. However, the postal authorities have been carrying on their duties undaunted despite the war. The Directorate-General of Posts now has his office in Kunming instead of Shanghai.

HEROIC ROUTINE

In view of the importance of postal communications to the general public during these abnormal times, orders have been given to all classes of postal employees throughout the country to maintain the postal services at their respective stations to the best of their ability. Not until all the local civil and military institutions have withdrawn from a place on account of its being endangered, may the postal staff there withdraw to a safer locality in the immediate neighbourhood, where they are still to transact postal business. Moreover, they must return to their original offices for the resumption of postal services as soon as the local situation improves, as the post office is a public utility service and its duty is to serve the public to the best of its capacity.

When any office is forced to evacuate a particular post, the officer in charge has the responsibility of bringing with him all the postage stamps, mail matter, public funds and documents. In case a branch has been isolated from the controlling office due to disruption in communication, it is temporarily governed by the controlling office nearest to the branch.

WARTIME REGULATIONS

The staff administration of the post office during wartime is governed by the following fundamental principles: (1) maintenance by the staff of the postal services at their respective stations as far as conditions permit; (2) increase of working efficiency of the staff; (3) strict enforcement of staff discipline; (4) practice of economy in the distribution of staff members, and in other matters.

Proper adjustments are made in those places where normal means of communication and transportation are at a standstill, so that mail matter can be transmitted without delay. New water routes, highways, couriers have been added to the vast postal network. In view of the excessive amount of mail matter to be handled, the postal authorities are using postal trucks, hiring boats, carts, pack animals, and human carriers to transmit all letters, parcels, printed matter, and the like. Postmen carry the mail bags on their backs and walk to their destination in some of the places where transportation is extremely difficult. When it becomes too difficult to work during the day-time because of air raids, the workers carry on their duties at night. The postal service does not cease until the place is within the range of gunfire.

IMPROVING ROUTES

Until last year, the Peiping-Hankow and the Canton-Hankow railways were the trunk lines for postal transmission linking the north and the south; while the Chekiang-Kiangsi and the Hunan-Kwangsi railways connected the east and the west. With the fall of Canton and Hankow, the original postal line over the Canton-Hankow Railway was cut off, thus necessitating the use of Ningpo and Wenchow ports for the forwarding of mail from the eastern provinces. Likewise, mail from Kwangtung and Fukien was sent through Fochow, Swatow, Kwangchow and Pakhoi, and

that from the Southwest and the Northwest by way of Kunming and Haiphong. With the war spreading wider, even some of the new routes have been cut. Despite all the obstacles, postal facilities have been maintained.

With the tremendous influx of people into the interior provinces and with the removal of practically all government organizations into Free China, existing postal establishments were insufficient to handle the increased volume of service. New branch offices or agencies have been established at places where such are needed and additional staff members employed through special examinations. Meanwhile, efforts to improve and quicken the transmission of mail are being pushed by the authorities.

LITTLE OIL FOR GERMANY FROM RUMANIA

BUCHAREST, Jan. 15 (Havas).—According to economic experts, Rumania's oil deliveries to Germany will not exceed 20,000 tons in January, against a normal monthly average of 130,000 tons. The present figure constitutes an all time low and is due to the complete disruption of communication facilities by rail as well as by water.

MOVE TO PREVENT COLLECTION BY JAPANESE

CHUNGKING, Jan. 15 (Central).—The four Government banks have announced that, in order to prevent the Japanese from collecting and disposing of large quantities of bank notes for foreign exchange, all bank notes overprinted with the names of places in occupied areas will not be accepted as ready cash by the four banks. Branches in Shanghai, but may be accepted for demand drafts on either Chungking or the place of issue concerned.

AMERICAN PRESIDENT LINE

OFFICE OPENED IN SEATTLE

The American President Lines opened its own office in Seattle, Washington, on December 15.

Leon J. Lancaster, one of the best known transportation men in the Northwest and former general passenger agent for the American Mail Line, and Pacific Steamship Lines, has been selected to head up the APL branch office in Seattle. His headquarters are located at 1326 Fifth Avenue.

With the title of District Freight and Passenger Agent, Lancaster will serve the territory of Washington, Oregon, Idaho, Montana and British Columbia.

"Opening of the Seattle office does not mean that American President Lines have only now discovered the commercial importance of the Pacific Northwest," said Mr. Sheehan, President. "We have known that all along. But our new management could not do everything it wanted to do, at the outset."

NEW YORK Cotton: Considering the extent of the selling, the market acted well and we see nothing in the immediate situation to warrant any important decline. We believe the possibilities are on the long side.

NEW YORK RUBBER: Some Trade support appeared on easy spots. Business in c.i.f. rubber was small.

CHICAGO WHEAT: Local buying held the market steady until near the close, when increased offerings and liquidation had an effect. Outside interests were small.

NEW YORK STOCKS: Previous close, 145.96. Today's close, 145.19. Change, Off 77.

RELENTLESS CHINESE PURSUIT OF JAPANESE: CONTINUED DRIVE IN NORTH KWANGTUNG

Good Progress Made Over Last Week-End

SHIUHUNG, Jan. 15 (Central)—The Chinese North Kwangtung counter-drive continues to make good progress during the week-end.

Chinese forces in Fahsien are branching out in two columns in relentless pursuit of the Japanese along the Canton-Hankow Railway and east of the line.

Both Kuntien, the Japanese stronghold along the railway 25 miles northwest of Canton, and Kunyiu, 15 miles north-west of Canton, are under direct Chinese attack.

In the vicinity of Kwoktai-hu, an important village five miles west of Kuntien across the railway, Chinese forces scored a series of minor gains last week-end, killing several hundred Japanese and seizing four field guns and nine machine-guns. The Japanese at Kwoktaihu have retreated to the south-east.

CHINESE ADVANCE

MILO, Jan. 15 (Central)—Chinese forces have thoroughly destroyed extensive sections of the Canton-Hankow Railway between Puchi and Tingszekiao in South Hupeh above Yoyang.

Pierce fighting between the opposing forces raged throughout the weekend east of Puchi where the Chinese inflicted considerable casualties over the invaders Kwantung and Chunghopu, two small stations on the railway, were briefly recaptured and later again abandoned.

CHINESE PRESSURE

FANCHENG, HUPEH, Jan. 15 (Central)—Increasing pressure is being taken by the Chinese on Suhsien, on the Yun River about 34 miles west of Yingshan, in North Hupeh. More important suburban points, including Yuchia-lu and Chowwan, have been recaptured.

Mapping, important Japanese salient south-east of Suhsien, is being surrounded.

More than 2,000 Japanese reinforcements rushing from Yingshan to Mapiing and Shih have been intercepted by the Chinese at Shihlu, where spirited fighting is in progress.

In Central Hupeh, fighting continues at Sunchiakiao, Huangchiatsi and Yangtsuchen, along the Chungshang-Kingshan highway.

JAPANESE DRIVE

LOYANG, Jan. 15 (Central)—Japanese infantry, cavalry and artillery units at Kaifeng launched a combined drive towards Chung-mow, 20 miles south-west of Kaifeng, on Saturday. Japanese guns heavily shelled the town. Fighting is reported to be still raging.

Covered by artillery fire, a Chinese force attacked Taikang, in east Honan, last week.

TOWNS RECAPTURED

SOMEWHERE IN SHANTUNG, Jan. 15 (Central)—Shangyangtun and Chingkwowchen west of Kaomi, on the eastern section of the Kaomi Railway, in Shantung, have been recovered by the Chinese.

In a battle at Chihchiakow, south-west of Kaomi, recently, the Chinese inflicted heavy casualties on the Japanese and destroyed three Japanese trucks.

Several truckloads of Japanese rushing from Ankiu to Chucheng in east Shantung were ambushed and beaten by the Chinese at Kanchuanling, south-east of Ankiu. Reinforced, the Japanese launched a counter-attack on the Chinese, but were again defeated. They suffered more than 300 casualties.

FIRST FOREIGN AMBASSADOR TO VISIT HANKOW

The United States Consul-HANKOW, Jan. 15 (Reuter)—General here intimated yesterday that Mr. Nelson T. Johnson, American Ambassador, will arrive at Hankow on Jan. 29, with Rear-Admiral Glassford.

They will leave for Shanghai on Feb. 2.

Mr. Johnson will be the first Ambassador to visit Hankow since the Japanese occupation.

Guns Roar On Western Front MUCH AERIAL ACTIVITY

PARIS, Jan. 15 (Reuter)—Guns and planes have shown greater activity than in the past twenty-four hours, though infantry carried out the usual patrol reconnaissances. Artillery has been busy again east and west of Vesges and north of Bitche, in the areas where the guns have been firing a good deal in the past few days.

AERIAL ACTIVITY

There was much aerial activity on both sides and German machines made long reconnaissance flights into North and East France, while Allied planes were busy over front lines reconnoitering and photographing while fighters protected them overhead. An unusually large number of fighters took the air.

Besides British flights over German territory French planes made long reconnaissance flights over almost the whole of South Germany.

CAVALRY PATROLS

It is reported that cavalry is now being widely used on the Western Front for patrol work and scouting in No Man's Land.

The cavalrymen are mostly Spahis from Algeria and Morocco.

Group Captain W. E. G. Byran, Air Attache of the British Embassy in Tokyo, arrived by air in Canton on January 12 to inspect the conditions in the former metropolis.

Hongkong - Macao Relief Association Inaugurated

THE HONGKONG-MACAO CHINESE RELIEF ASSOCIATION WAS FORMALLY INAUGURATED at the Chinese Merchants' Club yesterday afternoon before a gathering of prominent Chinese residents of the British and Portuguese Colonies.

Gen. Wu Te-chen, Director of the Overseas Board of the Central Kuomintang Headquarters, who presided at the meeting, declared that the National Relief Commission at Chungking has been deeply concerned over the large number of civilian refugees who have been forced to flee to Hongkong and Macao following the outbreak of hostilities in South China.

He added that the new association had been commissioned by the Chungking organization to carry out relief work among the Chinese civilian refugees in the two Colonies.

Gen. Wu expressed gratification and thanks to the Hongkong Government for the material aid given to the Chinese refugees here. He also thanked the local relief organizations and leaders for money and assistance given for the care of these refugees.

In outlining the object of the new association, Gen. Wu said that the organization would receive its support directly from the National Relief Commission and that it would co-operate with the local relief bodies in carrying out their programme.

DEEPLY IMPRESSED Bishop Hall, in a brief speech, stated that the British community in Hongkong was gratified at the aid given by the Chinese Government and was deeply impressed by the thought that the Chinese authorities had not neglected their

own people. He said that the gift from the Kwangtung Provincial Government for lepers at Sheklung had continued to come despite the Japanese occupation of that town.

Hon. Sir Shouson Chow, Mr. Li Yan-chuan, Mr. Philip Gockchin, Mr. Hsu Shih-ying, Acting Chairman of the National Relief Commission, and a representative from Macao, also spoke and pledged their full support to the new association.

COMMITTEE NAMED

A committee in charge of the work of the association will have the following members: Gen. Wu Te-chen, Admiral Chan Chak, Mr. O. K. Yui, Mr. Ou Fang-pu, Dr. T. K. Mo, Mr. Ouyang Kui, Mr. Philip Gockchin, Mr. Ng Chak-yah, Mr. Ngan Sing-kwan and Mr. Yip Lan-chuen.

The Board of Advisers include Madame Sun Yat-sen, Hon. Sir Robert Kotewall, Hon. Sir Shouson Chow, Sir Robert Ho Tung, Hon. Dr. Li Shu-fan, Mr. T. N. Chau, Hon. Mr. M. K. Lo, Mr. Li Sing-kui, Bishop Hall and others.
